

مرضیه زینوند لریستانی

تاریخ تولد: ۲۵ شهریور ۱۳۶۵

ایمیل dr.marzie.zeinvand@gmail.com

شماره تلفن: ۰۹۱۶۳۱۵۷۰۰۱

• **مدربک PhD سم‌شناسی**

دپارتمان سم‌شناسی، دانشکده داروسازی، دانشگاه علوم پزشکی جندی شاپور اهواز، ایران.

(عضویت در انجمن سم‌شناسی و مسمومیتهای ایران)

• **دکترای حرفه‌ای دامپزشکی**

دانشکده دامپزشکی دانشگاه شهید چمران اهواز، ایران

• **پایان‌نامه عمومی**

بررسی حضور آنتی‌بادی‌های ضد ویروس غرب نیل در اسب‌های استان خوزستان

• **پایان‌نامه PhD**

تأثیر تماس مزمن با آرسنیک (آرسنیت سدیم) به همراه رژیم غذایی پرچرب بر تغییرات اتوفازیک کبدی

Autophagy upregulation as a possible mechanism of arsenic induced diabetes (2018)

Scientific Reports (published by the Nature Publishing Group); ISI ;Impact Factor : 4.2

Autophagy regulation and its role in normal and malignant hematopoiesis (2019)

Journal of Cellular Physiology - Wiley Online Library;ISI;Impact Factor : 4.5

The hepatically less toxic metabolites of aflatoxin B1 versus the parent toxin: an in vivo bioremediation study(2024)

Toxin Reviews; ISI ; Impact Factor : 3.3

Quercetin ameliorates cytotoxic effects of zinc oxide nanoparticles on sertoli cells by enhancing autophagy and suppressing oxidative stress(2021)

Andrologia - Wiley Online Library; ISI ;Impact Factor : 1.951

Dysregulation of Sqstm1, Mitophagy, and Apoptotic Genes in Chronic Exposure to Arsenic and high-fat diet (HFD)(2018)

Environmental Science and Pollution Researc; ISI ; Impact Factor : 2.8

Diosmin ameliorative effects on oxidative stress and fibrosis in paraquat-induced lung injury in mice (2019)

Environmental Science and Pollution Research;ISI ; Impact Factor : 2.8

Oxidative stress in normal hematopoietic stem cells and leukemia (2018)

APMIS : acta pathologica, microbiologica, et immunologica Scandinavica ; ISI ; Impact Factor : 2.026

Evaluation of Diabetogenic Mechanism of High Fat Diet in Combination with Arsenic Exposure in Male Mice (2018)

Iranian Journal of Pharmaceutical Research; ISI ; Impact Factor : 1.507

Co-regulators of autophagy and the cell cycle in HFD– As treated mice(2022)

Journal of Trace Elements and Minerals; ISI

Effects of butyric acid and arsenic on isolated pancreatic islets and liver mitochondria of male mouse (2017)

Gastroenterology and Hepatology From Bed to Bench; Pubmed/Medline

Arsenic and Oxidative Stress in Pentylenetetrazole-induced Seizures in Mice (2019)

Journal of Basic and Clinical Pathophysiology; ISC, Magiran

A Clinico-Epidemiological Study on Poisonings due to Cardiovascular Drugs in Ahvaz, Iran (2017)

ASIA PACIFIC JOURNAL of MEDICAL TOXICOLOGY APJMT ; NLM, Embase, Chemical Abstracts, EBSCO, ISC, Index Copernicus, DOAJ, Google Scholar, SID, CiteFactor, WorldCat, Magiran

• مقالات ارائه شده در کنفرانس ها

Autophagy Regulation and Its Role in Leukemia

The 2nd International Congress of Hematology and Hematopathology

➤ **Abstract published in**

Iranian Journal of Medical Sciences (IJMS) Index in ISI, Scopus, PubMed Central

Oxidative Stress in Normal Hematopoietic Stem Cells and Leukemia

The 2nd International Congress of Hematology and Hematopathology

➤ **Abstract published in**

Iranian Journal of Medical Sciences (IJMS) Index in ISI, Scopus, PubMed Central

Prevalence of Pseudomonas aeruginosa in oral cavity of referred dogs to Veterinary Hospital in Ahvaz district, South - West of Iran

➤ **Abstract published in**

"Iranian journal of public health" Index in ISI, Scopus, Medlib

Effects of butyric acid and arsenic on isolated liver mitochondria of male mouse

The First Congress of Modern Science and Diseases and the 9th Internal Congress of Student Research Committees

Risk factors for West Nile virus seropositivity of horses in Khuzestan province" West Nile Virus in horses of Khuzestan province

Second International Congress of Large animal Clinicians - ICLAP (2013) - Veterinary Organization-Tehran

Effects of lisinopril, captopril and losartan alone or in combination with morphine in light tail flick analgesic test

Iranian Pharmacy Students' Seminar (2011)-Tehran

Isolation and identification of osthol from the fruits and essential oil composition of the leaves of Prangos asperula Boiss"

Iranian Pharmacy Students' Seminar (2011)-Tehran

Anticonvulsant effect of leaf extract

The first student conference on the use of medicinal plants in Iran (2009) – Ahvaz

"Epidemiology of West Nile virus in horses of some areas in Khuzestan province"

Sixth Virology Congress of Iran - Iran Virology Society (2012) – Tehran

• مهارت ها

DNA and RNA Extraction

PCR array

Sterile Cell Culture

liver mitochondrial isolation

Oxidative stress
